

PARKER FOR PRESIDENT

After an All-Night Session
the New Yorker was
Nominated.

Enough States Changed Their
Vote on First Ballot to Make
the Necessary Two-Thirds.

Special to the Republican.

St. Louis, July 9.—At 5:30 this morning Parker was nominated on first ballot, midst scenes dramatic in the extreme, receiving 658 votes. The result of the roll call was so decisive that contrary States changed over and the ballot finally resulted unanimously for Parker. The convention then adjourned until 2 o'clock p. m.

The convention was called to order at 2:49, and a vote to take a recess until 5:20 carried.

The Democratic platform is printed on the third page.

St. Louis, July 9.—The platform upon which the Democrats will fight for success in the coming campaign was adopted without debate and by viva voca vote, the delegates accepting the unanimity of the resolutions committee as a guide to its conduct in this important matter.

When the convention reassembled last night at 8 o'clock it seemed that there were as many in the street outside demanding admission as there were on the inside of the great hall, and the police were several times compelled to charge upon the crowd to prevent the overwhelming of the doorkeepers.

Judge Alton B. Parker was named by Martin W. Littleton, and William Randolph Hearst by D. M. Delmas. Anti-Parker delegations attempted to create enthusiasm for their candidates, but the Parker men remained undisturbed and unconcerned. Hearst delegates paraded the hall, but the showing was small in comparison with the Parker procession which preceded it.

Champ Clark of Missouri nominated Senator Cockrell; Mayor Patrick A. Collins of Boston nominated Richard Olney; David S. Rose nominated Wall of Wisconsin; Cole of North Dakota nominated John Sharp Williams.

Nominating speeches for favorite son candidates and second speeches for both Parker and Hearst occupied the convention for several hours. The convention hall seats 10,500 persons, and from appearances hundreds more had been admitted.

As soon as the convention had been called to order Chairman Clark announced that the report of the committee on resolutions was ready. Sen-

ator Daniel read the report as chairman of the committee. The convention was so great that not a word could be heard ten feet from the platform.

The great climax of the convention—the nomination of a candidate for president—followed immediately upon the adoption of the platform. The adoption of the platform was taken by a viva voca vote and without debate. It had been signed by every

members of the resolutions committee, including David B. Hill, the leader of the conservatives, and William J. Bryan, the leader of the radicals. The platform neither repudiates nor reaffirms any former principle of the Democratic party. No reference was made to either the Kansas City or Chicago platforms. The money question was not mentioned. There is a tariff revision plank and a strong anti-trust plank.

ARE VACATED

Parts of Julian Street and an
Alley Abandoned by Act
of City Council.

Street Paving Petition Presented
by Citizens of Morgan
Street.

The city council held a special meeting last night to act on the report of the city commissioners on the vacation of certain streets and alleys.

The commissioners filed their report stating that they had viewed that part of Julian street and the alley asked to be vacated and recommended that they be vacated where they abutted the power house lot. This includes 165 feet of Julian street next to the railroad and between the part to be occupied by the power house and Warfield & Wilson.

The council approved the report of the commissioners and ordered that part of the street and alley which their report covered vacated, and that the petitioners pay the costs, \$10.00.

A petition was also filed by the property owners of Morgan street asking it be paved with brick from Third to Seventh, the distance traversed by the interurban, which was mentioned in yesterday's Republican.

The petition provided however, that the traction company pave all that part of the street occupied by them.

The council referred the matter to the city attorney requesting him to confer with the representatives of the company and see how they would entertain a proposition of that kind.

The company is said to look favorably upon the proposition of paving along its tracks, if a proper agreement can be reached on the amount that should be paid by the company.

SCHOOL TUITION

Rush County Will get About
Eight Thousand Dollars.

The apportionment of the common school revenue for tuition, which has been completed by State Superintendent F. A. Cotton, shows that there will be divided among the counties of the State for school expenses during the next six months, \$4,168,370.80, with a balance remaining in the treasury for a reserve fund of \$24,112.40.

The number of school children in the State between the ages of six and twenty-one, on which the apportionment is based is 768,665. The amount derived from the State school tax as \$998,001.01, and the interest collected on the common school fund since the last apportionment \$192,441.87.

The amount derived from unclaimed fees and all other sources is \$3440.32. The per capita apportionment is \$1.52.

Rush county's school enumeration is 5254, which means that we are to receive about \$7986.08 from the State. There will be added however, the funds from liquor license and congressional interest.

Our total tax collected in this county is much greater than the amount received, as was shown in an article in this paper a few weeks ago, for the reason that we have more wealth than children, and that our surplus tax goes to counties that have more school children and less property.

Conservatism Is No Bar to Progress

By WU CHAO, Son of Wu Ting Fang, Former Chinese Minister to the United States

BETTER fifty years of Europe than a cycle of Cathay" was the comment of Tennyson on the conservatism of the east, and such is the voice of the west today.

That eastern conservatism impedes western progress, HINDERS MODERN CIVILIZATION, blocks Christian endeavors, are facts to be lamented for the cause of eastern development, but conservatism is by no means a bitter enemy to progress. On the contrary, it is an element which HELPS IT IN THE END.

The nation that is humming with activity, nervous energy—is it according to nature that that nation should last as long as another which is frugal of its strength? Nervous energy cannot be lasting any more than motion can be perpetual.

PROGRESSIVENESS IS A MARK OF YOUTH, AND, SINCE NATIONS HAVE TO GROW OLD, HENCE THEY HAVE TO ADOPT CONSERVATISM, WHICH IS A MARK OF AGE.

FIND HOMES

State Board of Charities
Doing Good Work in Indiana.

The Board of State Charities has been doing a great work for dependent children in the State, and it is truly commendable and if better known, the people of this great State would regard that board as a more important factor in the welfare of the State.

All dependent children who are public charges in Indiana are made the wards of the State. By law the Board of State Charities is charged with their supervision, and also with the visitation of all other juvenile dependents that have been placed in private families.

At the last quarterly meeting of the Board of State Charities, the Secretary presented a report on the condition of child-dependency in Indiana, giving in detail the work of the four agents of the Board during the first half of the fiscal year. There are in round numbers, 4000 dependent children under the supervision of the Board—1500 in the 42 orphan asylums in the State which are supported in whole or in part by public funds, and 2500 in private family homes.

The law of 1897 places upon the State Agents the duty of inspecting the different orphan asylums in the State, and during the six months 83 visits were made to such institutions. As a rule the asylums were found in good condition. A more important requirement of the law is that the agents shall visit the families with whom dependent children have been placed and examine into the welfare of the children. In every county in the State there are families to be visited—nearly 200 in Marion county alone. During the half year the State agents visited 1069 children, and they report 790, or 74 per cent., as being happy and contented with their foster parents. Of 169, or 16 per cent., the report was not so favorable, but conditions were not such as to warrant removing them. One hundred and ten, or 10 per cent., were doing poorly, and the agents made such recommendations concerning them as seemed best suited to each case.

While this work of supervision is constantly going on, effort is also made to place other dependent children in good family homes. The State agents investigated 216 applications for children during the six months, and 170 of these were approved. Seventy-four children were placed in homes.

Odd on Roosevelt.

Odds as high as 5 to 2 were offered Friday by Wall street brokers that Roosevelt will be the next President. There were no takers as far as learned. The brokers, who generally are acknowledged to be in close touch with the drift of public sentiment, look upon the proceedings of the Democratic convention at St. Louis as presaging the defeat of the nominee. A consensus of opinion among financial men is that the uncertainty of the Democrats over monetary declarations means a candidate and a platform inconsistent with each other, and consequently certain defeat for the opponents of Republicanism.

WALKER TOWNSHIP

Nominates a Strong Township
Ticket at Convention Last
Night

Pursuant to the call of the township committee the Republicans of Walker township met in the school house a Homer for the purpose of nominating a township ticket.

There were about fifty present and the convention was harmonious and a good ticket made up of reliable and safe business men were nominated.

Ed Lowden was chosen chairman of the convention and Isaac Murdock secretary, after the meeting had been called to order by George W. Reeve.

John S. Hilligoss was placed in nomination for trustee, and Alva Hurst for assessor and there being no opposition both were chosen by acclamation.

While the chances for the election in Walker township are not very good for the Republicans they are to be congratulated on placing on the ticket the strongest men they had for the places, and it is to be hoped that there will be enough Democrats in Walker township who have the welfare of the township at heart to elect these men.

TWENTY DOLLAR PIECES

Would Not Bring a Dollar On The
Open Market.

Twenty-dollar gold pieces fresh from the United States Mint, were offered for sale at \$1 a piece a few days ago and found no buyers. The reason for this extraordinary bargain sale was a bet made between two "blooded" young men who had discussed "green goods" and other things in a prominent cafe and sought chances to wager on almost anything. Finally one of them paid a check with a gold coin and the other said: "You could not go on the streets and sell that kind of money a cent a pound."

That sort of a proposition seemed so preposterous that the gold coin owner said nonsense, or something like it. Then they offered to approach the first ten persons they met at a certain prominent corner and offer to sell a genuine \$20 gold piece for \$1 and if any one bought it he was to lose not only the \$19, but enough wine to make the night a real success.

He tried and the first ten said, "You ought to be put in jail. But it is lucky he did not meet some bank teller."—Philadelphia Press.

Important Experiment Begins.

Injunction proceedings instituted in Texas to prohibit the government experiments with the Guatemalan boll weevil eating ants have been dissolved and O. F. Cook, the expert who discovered the ants, will go to Victoria tomorrow to install the colonies of ants in such a way that they can be carefully studied.

Eight members of the British House of Commons so far have signified their intention to join in the proposed Parliamentary visit to the United States in the fall.

NINE LIVES

Surely Possessed by Speedy
the High Diver—Is Not
Dead.

That Speedy, the high diver, has as many lives as the proverbial cat, is either true or the newspapers are mistaken.

In a last week's issue of the Republican we had an account of the tragic death of Speedy, taken from the Richmond Sun Telegram. The alleged death took place at Zanesville, Ohio, and Speedy was supposed to have abandoned the high diving act and was lying peacefully at rest in an Illinois cemetery.

Today we received from Rev. W. J. Russell, formerly of this city now of Pittsburg, the following clipping from a recent issue of the Pittsburg Gazette:

"Kearney P. Speedy, the high diver, who jumps from the top of a perpendicular ladder 125 feet high, has announced he will jump off the Tenth street bridge before he will leave Pittsburg. The police intend preventing him performing the feat if they can, but Speedy claims he does not intend to commit suicide, and for that reason they have no jurisdiction over what he does.

"If I want to commit suicide," said Speedy, "the police cannot stop me. They never do stop people taking their own lives. What they do is haul bodies to the morgue after the excitement is over. I will jump off the bridge and the only way to stop me jumping in the river is to be under the bridge and catch me."

"Speedy jumped off the Point bridge the last time he was in Pittsburg and swam ashore without any assistance. He is now making two dives daily off the 125-foot ladder, which he claims is more dangerous than to jump off a bridge. From the ladder he must plunge into a tank six feet square, but off the bridge the area is not limited.

HEALTH REPORT

Central Indiana has Highest
Death Rate.

The last monthly bulletin of the State Board of Health, which divides Indiana into three sections for statistical purposes, the northern, central and southern, shows the central, in which Rushville is located, as having the highest death rate. The highest pneumonia rate was in this section, as was also that for typhoid fever and violence. The highest cancer rate was in the southern section as was that for consumption, which is unusual. Tonsillitis heads the list as the most prevalent malady for the entire State. Pneumonia, which was fourth in the preceding month, falls to seventh place with the advent of warmer weather, and rheumatism is second the same position it occupied in the preceding month. The total number of deaths reported for the month was 2971, over 500 less than the preceding month.

The amount of money annually received in Greece from Greek emigrants to the United States is assuming proportions that have attracted the attention of the Greek government bankers and public. Greek officials estimate that over \$1,930,501.93 thus reached Greece during 1903.

BASE BALL

On account of several of Rushville players going away, a general overhauling of the team will take place and some new faces will appear.

The Republican gave full account of the game, recording each play made and on which we have been complimented, having had the paper on the streets at five o'clock, or a few minutes after the game terminated. We have no comment to make on the game except that Greensburg has played a superior article of ball in the last two games with Rushville.

Albert Thoman of the Rushville team has signed a contract to play with the Rock Island, Ill., Three I League team for the rest of the season and will leave tomorrow evening or Monday morning for that place. He will do the back stopping here tomorrow in the game against North Vernon.

Jo Mitchell left this morning for Dayton, having been given his release by Manager Geraghty. Mitchell will probably join the Dayton Central League team or he may yet return to this city.

Manager Geraghty yesterday released Arnold and he and his wife returned to Indianapolis this morning where he (Arnold) will play with the Duesseldorfers.

Manager Heman of the Terre Haute Central League team was here after Morgan yesterday and tried to get him to sign a contract to play with Grand Rapids but "Windy" wanted to stay in Rushville.

Four more games have been scheduled with Greensburg—July 18th and 19th here and July 25th and 26th there. Rhoder of the Indianapolis Reserves will pitch two of these games for Rushville.

Manager Geraghty has signed Bippus, a southpaw from Amanda, Ohio, to pitch for Rushville and he will be in the box against North Vernon tomorrow. Reeb is now at work on his farm near Hamilton, Ohio, and will not pitch for Rushville until later in the season when Fisher will also join the team. E. N. McBride, a varsity pitcher on the Westminster college team is visiting in this city at present and has offered to help the team out if they should get into a pinch.

McBride is also a utility man and will be given a tryout with the locals next week in some position or other.

Manager Geraghty has strings out for Outfielder Murphy of the Louisville team and Second baseman Regan of the Blue Licks. He may succeed in landing both of these and if he does, Rushville will have a stronger aggregation than ever.

Bryan objected to the "gold cure."

The spider (Hill) took the fly (Bryan) into his parlor.

Voters are invited by the Republican party to study its records, its candidates, its platform. The Democrats are earnestly and anxiously hoping you will forget theirs.

Many an American workman lost his hearing in the presence of a lot of calamity howlers, immediately after he had made his first safety deposit or the first payment on a home.

The ticket and platform of the re-organizers is spoken of by many of the Democratic papers of the Bryan wing as "Republicanized Democracy." In some respects they don't miss it far. Hill, Cleveland et al., who are now doing things, voted against Bryan, and it is thought that Parker did, but until he gets able to say something no one will ever know how he voted, or why he voted.

David B. Hill was never regarded as anything else but a shrewd politician, but he played a bigger game at St. Louis than ever before and won. The wily Bryan and his followers fell right into the trap and now Hill is happy—and so are some of Bryan's friends, who have not yet seen through the trick. Hill and his followers, the reorganizers, thought that Bryan would bolt their reorganized and reconstructed Democracy and entertained grave fears of the result west of the Alleghenies. To forestall this, they gave Mr. Bryan a great ovation, which, by the way, almost took on larger proportions than they bargained for. Bryan liked it, he fairly "wobbled" in it, and while intoxicated with joy at this unexpected return of popularity he went before the convention and said the very things that he had resolved time and again that he would not say. The reorganizer's real and genuine appreciation of the "Peerless Leader" came a few moments later when they voted him down by an enormous majority. The plan worked, however, and Bryan is for a time, safely "in line." Hill's cup is filled and overflowing, with joy.

HALF-HEARTED CAMPAIGN

Result at St. Louis Leaves Democrats Dispirited.

Indianapolis, July 9.—That the convention at St. Louis is bringing about a condition of affairs in the Democratic party that will inevitably result in a half-hearted campaign weakened by the defections of many of the party's leaders both in the East and in the West, is a fact that is patent to the most casual observer, according to prominent Republicans. Republican papers all over the country are pointing to the bitter strife that has been waged between the Bryan and the anti-Bryan wings of the party as an infallible indication of what to expect next fall. Said one Republican today: "The silence of the Democratic party on the money question in its platform is one thing that is certain to breed trouble in the ranks. Both the Bryanites and the anti-Bryan claim the omission as a victory, but the victory really belong to Bryan, to whose influence is due the fact that the gold plank in the platform was knocked out. While the knocking out of the plank will please certain of the Bryanites, others will certainly be angered at the refusal of the convention to declare for the free silver fallacy. The knocking out of the plank, too, is sure to anger the Eastern Democrats, who counted on such a plank in order to secure the support of certain moneyed influences in the East that are said to be opposed to the policy of President Roosevelt. Other omissions in the platform, such as the refusal to say anything positive on the negro question, and the weakness of the declaration in regard to the tariff as compared to former platform demands, will result in divisions of the party in the South and the West, and such divisions cannot fail to work to our benefit. We have little to fear this year from the Democrats."

State politics have been lost sight of during the last few weeks, and little will be stirring until after the Democratic state convention to be held here later in the month. It is not believed that the active campaign will be started earlier than six weeks or two months before the election, both Republicans and Democrats having practically agreed upon this. A speaking campaign of greater length than this, it is urged, loses interest, and in this day of newspaper interest is absolutely useless. The papers of the state, it is urged, can be relied upon to keep the political pot boiling, without the aid of spellbinders or political orators of either party. Besides this, conditions have changed greatly within the past few years, and drum corps, torch-light clubs and the like have lost much of their former campaign value. The work that counts nowadays, say leaders of both parties, is the quiet kind that gets the votes, and not the whoop and hurrah methods of a dozen years ago, when the voters had to be lined up several months before election and kept in line only by the most strenuous efforts of managers. The new plan, it is also said, is a money saver.

Fourth Victim Claims Damages.

Brazil, Ind., July 9.—Mrs. Mary Griffin has filed suit in the Clay circuit court against W. S. Bogle, Jr., demanding \$5,000 damages. On the Fourth the defendant, as alleged, threw a giant firecracker into the buggy in which the seven-year-old daughter of Mrs. Griffin was seated, and in the explosion flying fragments struck the girl in the eye, endangering her sight. The defendant is the son of Walter S. Bogle, the millionaire coal operator.

Found Dead In Lodging House.

Denver, Colo., July 9.—W. H. Morgan, assayer and president and general manager of the Gorse Mountain gold mining company, was found dead in a committed suicide. He was one of the lodging house in this city. He had committed suicide. He was one of the first number deported from Cripple Creek. Letters left by him show that he had been threatened.

The Worst Is Over.

Kansas City, Mo., July 9.—Today the Kaw is falling here and west of Topeka and it is confidently believed that the worst of the flood is over. Not for many days, however, will normal conditions prevail at Armourdale, where hundreds of houses of the working class are under water, and many plants are inundated.

An Unexpected Move.

Woo Hai Wei, July 9.—The British China squadron, including four battleships and four cruisers, left here unexpectedly. It is understood that the fleet is anchored in Yung Chin bay, sixty-three miles southeast of Chee Foo in consequence of orders from the British admiralty to evacuate the Gulf of Pechili.

Miners Whipped Out of Town.

Canyon City, Colo., July 9.—Six miners and union sympathizers were run out of Victor, Colo., today by 26 masked men and ordered never to return to Teller county. They declare they were horsewhipped and told if they were caught in the district again they would be lynched.

MYSTERY IS EXPLAINED

Prohibitionists Secured Tomlinson Hall For Meeting to Notify Presidential Candidate.

This Announcement Puts at Rest Sensational Rumors In Which Bryan Was Mentioned.

Indianapolis, July 9.—The Prohibitionists have rented Tomlinson hall for July 22, and will on that day hold a monster meeting of national scope, at which Dr. S. E. Swallow of Harrisburg, Pa., will be formally notified of his nomination for the presidency on the Prohibition ticket. Dr. Swallow has been considering the matter of his acceptance or declination of the nomination since the convention last week, and only reached the decision to accept within the last day or so. Rumors were rife for a time that the renting of Tomlinson hall by Charles Newlin, chairman of the Prohibition state committee, had been at the instigation of W. J. Bryan, who intended to call a bolting convention after the close of the St. Louis gathering, but the announcement by Mr. Newlin of the real use to which the hall is to be put sets these at rest. The statement is made that the notification meeting will be even larger in point of attendance than was the national convention.

GAS NOT GIVING OUT

Exceptionally Strong Wells Have Been Drilled Near Noblesville.

Noblesville, Ind., July 9.—Two of the strongest gas wells ever drilled in Hamilton county have just been finished near Baker's Corner, eight miles northwest of this city. The one on the Melvin Cardwell farm tests 240 pounds and is the property of a Cleoro company. The other is on the J. O. Baker farm and belongs to the White River Oil company, which is composed of stockholders living in this city. Both wells were discovered while drilling for oil. The roar of the gas from the pipes can be heard half a mile. Each well shoots a flame seventy-five feet high from a four-inch pipe. It is estimated that the capacity of both wells is over 5,000,000 cubic feet of gas a day.

Took It Seriously to Heart.

Matthews, Ind., July 9.—Joseph Paxson, a young man who formerly lived here, committed suicide because of disappointment in love. He had been working at Evansville and he went to Albany last week to call upon Miss Nellie Niebarter. Together they came here to see the carnival. Miss Niebarter declined a proposal of marriage, persisting in her refusal. Paxson left her with an implied threat that she would regret it, and afterward was found in an unconscious condition, the result of morphine taken with suicidal intent. Medical attendance was had without avail.

Farmers Seriously Disturbed.

Liberty, Ind., July 9.—Farmers in this section are seriously disturbed over the condition of the wheat, harvesting of which is under way. Black rust has appeared in many fields. This is due to the excessive rain. The ground is too soft to permit use of machines and this has delayed the cutting. Fields that looked well and promised a good yield with large heads well filled with grain, have been attacked by rust within the last few days, causing the grain to shrink and the straw to fall.

Two Boys and a Gun.

Shelbyville, Ind., July 8.—While Tony Flack, the ten-year-old son of Edward Flack, was loading an air rifle by spitting shot from his mouth into the barrel of the rifle, a boy pulled the trigger. The shot struck Flack's teeth which prevented the bullets from penetrating his brain. Two of the boy's teeth were knocked out, and physicians fear blood-poisoning may result.

Enraged Husband's Deed.

Indianapolis, July 9.—Enraged by the efforts of his wife to prevent him from continuing on a drunken debauch Michael Kane, a conductor employed on the Northwestern avenue line, fired two shots in the woman's body, and then, turning the smoking revolver against his own breast, fatally wounded himself. Physicians hold out hopes for Mrs. Kane's recovery.

Boonville, Ind., July 9.—Portland Campbell, thirty years old, committed suicide at Lynnville by taking carbolic acid. He was a prominent farmer, and was tired of life because of sickness. He left a wife but no children.

thoroughness, faith, patriotism, and a master word—righteousness."

"The great book of law—greater than Blackstone, has yet to be written, the book of institutional law. All history must be rewritten in accordance with scientific methods."

The tariff reformers at various times have been agitated by what they call the copper trust. Finally they discovered that copper ore is on the free list and most of them ceased to use this particular illustration, though they still proclaim that the tariff is the mother of trusts, thus conveniently forgetting of course that if this is true, then in this case of the copper trust we have a creature that comes into the world without a mother. At the same time they might explain the window glass business. It is true that there is a company that the newspapers speak of as the window glass trust, but this company lacks so much of being a monopoly that the competition has been of the keenest sort for years. And yet in the McKinley law and in the Wilson-Gorman law and in the Dingley law the duty on window glass has been very high. Notwithstanding this it has been impossible to form a trust or a combination of any sort that would prevent the liveliest of competition. Here are two cold facts of more than ordinary importance in the business world that ought to be known to everybody—two facts that, standing alone, are sufficient to take the pith out of the theory that the tariff is the mother of trusts. And these are but two of numerous facts, all giving the direct lie to this tariff theory. But what has the tariff reformer to do with facts?

Real enjoyment is had when reading that clever magazine, *The Smart Set*.

Many of the most popular devices are those designed to benefit the people and meet popular conditions, and one of the most interesting of these that has ever been invented is the Dr. White Electric Comb, patented Jan. 1, '99. These wonderful Combs positively cure dandruff, hair falling out, sick and nervous headaches, and when used with Dr. White's Electric Hair Brush are positively guaranteed to make straight hair curly in 25 days' time. Thousands of these electric combs have been sold in various cities of the Union, and the demand is constantly increasing. Our agents are rapidly becoming rich selling these combs. DEMOCRATS PLATFORM

Principles Upon Which Democrats Will stand in the Campaign.

The Democratic party of the United States, in national convention assembled, declares its devotion to the essential principles of the Democratic faith which brings it together in party communion.

Under a local self-government and national unity and prosperity were alike established. They underlaid our independence, the structure of our free republic and every democratic extension from Louisiana to California and Texas to Oregon, which preserve faithfully in all the states the tie between taxation and representation. They yet inspire the masses of our people, guarding jealously their rights and liberties, and cherishing the principles of peace and order, and the principles of peace and order, and the principles of peace and order.

FUNDAMENTAL PRINCIPLES.
The application of these fundamental principles to the living issues of the day is the first step toward the assurance of peace, safety and progress of our nation. Freedom of the press, of conscience and of speech—equally before the law of all citizens, right of trial by jury, freedom of the person defended by the writ of habeas corpus; liberty of personal contract untrammelled by summary laws; supremacy of civil over military authority; a well disciplined militia; the separation of church and state; economy in expenditure, low taxes that labor may be lightly burdened; prompt and sacred fulfillment of public and private obligations; respect for treaties, peace and friendship with all nations; entangling alliances with none; absolute acquiescence in the will of the majority—the vital principles which Democracy has established and which the nation, and they should be constantly invoked and enforced.

CAPITAL AND LABOR.
We favor enactment and administration of laws giving labor and capital impartially their just rights. Capital and labor ought not to be enemies. Each is necessary to the other. Each has its rights; but the rights of labor are certainly no less "sacred" than the rights of capital.

CONSTITUTIONAL GUARANTEES.
Constitutional guarantees are violated whenever any citizen is denied the right to labor, acquire and enjoy property or reside where he chooses, or inclination may determine. Any denial thereof by individuals, organizations or governments should be summarily rebuked and punished. We deny the right of any executive to dissolve or suspend the writ of habeas corpus, or to limit the right of any citizen to travel or to reside where he chooses, or to limit the right of any citizen to travel or to reside where he chooses.

WATERWAYS.
We favor liberal appropriations for the care and improvement of the waterways of the country. When any of the great navigable rivers is in such a state of decay as to demand special aid of the government, such aid should be extended with a definite plan of continuous work until permanent improvement is secured.

ECONOMY OF ADMINISTRATION.
Large reductions can easily be made in the annual expenditures of the government without impairing the efficiency of any branch of the public service, and we should insist upon the strictest economy and frugality compatible with vigorous and efficient civil, military and naval administration as a right of the people, too clear to be denied or withheld.

GOVERNMENT CONTRACT WITH TRUSTS.
We condemn the action of the Republican party in Congress in refusing to prohibit an executive department from entering into contracts with trusts or other combinations in restraint of interstate trade. We believe that one of the best methods of procuring economy and honesty in the public service is to have public contracts, from the occupant of the White House down to the lowest of them, returned as nearly as may be, to Jeffersonian simplicity of living.

EXECUTIVE USURPATION.
We favor the nomination and election of a president and secretary of war, in conformity with the constitution, who will see his face sternly against executive usurpation of legislative and judicial functions, whether that usurpation be veiled under the guise of executive orders, or by the use of laws, or whether it take refuge in the tyrant's pleas of necessity or superior wisdom.

IMPERIALISM.
We favor the preservation, so far as we can, of an open door for the world's commerce in the Orient, without an unnecessary entanglement in Oriental and European affairs, and without arbitrary, unlimited, irresponsible and absolute government anywhere within our jurisdiction. We oppose, as recently did George Washington himself, an indefinite, irresponsible, discretionary and vague absolutism, and a policy of colonial exploitation, no matter where or by whom invoked or executed; we believe that the Monroe doctrine and John Adams that no government has a right to make one set of laws for those "at home" and another and a different set of laws abroad, in their character, for those "in the colonies."

TARIFF LEGISLATION.
The Democratic party has been and will continue to be, the consistent opponent of that class of tariff legislation by which certain interests have been permitted, through congressional favor, to draw a heavy tribute from the American people. This monstrous perversion of those equal opportunities which our political institutions were established to secure, has caused what may once have been infant industries to become the greatest combinations of capital that the world has ever known. These special favorites of the government have through the method of monopoly in the monopolies, thus bringing to an end domestic competition, which was the only alleged check upon the extravagant profits made possible by the protective tariff. The industrial combinations, by the financial assistance they can give, now control the policy of the Republican party.

REPUBLICAN PARTY.
We favor the denunciation of protection as a robbery of the many to enrich the few, and we favor a tariff limited to the needs of the government economically administered and so levied as not to discriminate against any industry, class of section, to the end that the burdens of taxation shall be distributed as equally as possible.

WE FAVOR A REVISION AND A GRADUAL REDUCTION OF THE TARIFF BY THE FRIENDS OF THE COMMONWEALTH, AND NOT BY THE FRIENDS OF ITS ABUSES, ITS EXTORTIONS AND ITS DISCRIMINATIONS, KEEPING IN VIEW THE ULTIMATE END OF HUMANITY, EQUALITY AND QUALITY OF OPPORTUNITIES, AND THE CONSTITUTIONAL PURPOSE OF RAISING A REVENUE BY TAXATION, TO-WIT, THE SUPPORT OF THE GOVERNMENT, IN ITS INTEGRITY AND VIGILANCE, BUT IN SIMPLICITY.

WE RECOGNIZE THAT THE GIGANTIC TRUSTS AND COMBINATIONS DESIGNED TO ENABLE CAPITAL TO SECURE MORE THAN ITS JUST SHARE OF THE JOINT PRODUCTS OF CAPITAL AND LABOR, AND WHICH HAVE BEEN FOSTERED AND PROMOTED UNDER REPUBLICAN RULE, ARE A MENACE TO BENEFICIAL COMPETITION AND AN OBSTACLE TO PERMANENT BUSINESS PROGRESS.

A PRIVATE MONOPOLY IS UNDEFENSIBLE AND INTOLERABLE. INDIVIDUAL EQUALITY OF OPPORTUNITY AND FREE COMPETITION ARE ESSENTIAL TO A PROPER AND PERMANENT BUSINESS PROGRESS, AND ANY TRUST, COMBINATION OR MONOPOLY TENDING TO DESTROY THESE BY CONTROLLING PRODUCTION, RESTRICTING COMPETITION OR FIXING PRICES, SHOULD BE PROHIBITED AND PUNISHED BY LAW.

WE DEMAND AN ENLARGEMENT OF THE POWERS OF THE INTERSTATE COMMERCE COMMISSION TO THE END THAT THE TRAVELING PUBLIC AND SHIPPERS OF THIS COUNTRY MAY BE PROMPTLY AND ADEQUATELY RELIEVED FOR THE ABUSES TO WHICH THEY ARE SUBJECTED IN THE MATTER OF TRANSPORTATION. WE DEMAND A STRICT ENFORCEMENT OF EXISTING LAWS, AND THE STATE OF THE UNION AGAINST ALL SUCH TRUSTS, COMBINATIONS AND MONOPOLIES; AND WE DEMAND THE ENACTMENT OF SUCH FURTHER LEGISLATION AS MAY BE NECESSARY TO BRING ABOUT THE ABOVE RESULTS.

SCHOOL AND RACE QUESTIONS.
The race question has brought countless congressional favors, to draw a heavy tribute from the American people. This monstrous perversion of those equal opportunities which our political institutions were established to secure, has caused what may once have been infant industries to become the greatest combinations of capital that the world has ever known. These special favorites of the government have through the method of monopoly in the monopolies, thus bringing to an end domestic competition, which was the only alleged check upon the extravagant profits made possible by the protective tariff. The industrial combinations, by the financial assistance they can give, now control the policy of the Republican party.

WE FAVOR A REVISION AND A GRADUAL REDUCTION OF THE TARIFF BY THE FRIENDS OF THE COMMONWEALTH, AND NOT BY THE FRIENDS OF ITS ABUSES, ITS EXTORTIONS AND ITS DISCRIMINATIONS, KEEPING IN VIEW THE ULTIMATE END OF HUMANITY, EQUALITY AND QUALITY OF OPPORTUNITIES, AND THE CONSTITUTIONAL PURPOSE OF RAISING A REVENUE BY TAXATION, TO-WIT, THE SUPPORT OF THE GOVERNMENT, IN ITS INTEGRITY AND VIGILANCE, BUT IN SIMPLICITY.

WE RECOGNIZE THAT THE GIGANTIC TRUSTS AND COMBINATIONS DESIGNED TO ENABLE CAPITAL TO SECURE MORE THAN ITS JUST SHARE OF THE JOINT PRODUCTS OF CAPITAL AND LABOR, AND WHICH HAVE BEEN FOSTERED AND PROMOTED UNDER REPUBLICAN RULE, ARE A MENACE TO BENEFICIAL COMPETITION AND AN OBSTACLE TO PERMANENT BUSINESS PROGRESS.

A PRIVATE MONOPOLY IS UNDEFENSIBLE AND INTOLERABLE. INDIVIDUAL EQUALITY OF OPPORTUNITY AND FREE COMPETITION ARE ESSENTIAL TO A PROPER AND PERMANENT BUSINESS PROGRESS, AND ANY TRUST, COMBINATION OR MONOPOLY TENDING TO DESTROY THESE BY CONTROLLING PRODUCTION, RESTRICTING COMPETITION OR FIXING PRICES, SHOULD BE PROHIBITED AND PUNISHED BY LAW.

WE DEMAND AN ENLARGEMENT OF THE POWERS OF THE INTERSTATE COMMERCE COMMISSION TO THE END THAT THE TRAVELING PUBLIC AND SHIPPERS OF THIS COUNTRY MAY BE PROMPTLY AND ADEQUATELY RELIEVED FOR THE ABUSES TO WHICH THEY ARE SUBJECTED IN THE MATTER OF TRANSPORTATION. WE DEMAND A STRICT ENFORCEMENT OF EXISTING LAWS, AND THE STATE OF THE UNION AGAINST ALL SUCH TRUSTS, COMBINATIONS AND MONOPOLIES; AND WE DEMAND THE ENACTMENT OF SUCH FURTHER LEGISLATION AS MAY BE NECESSARY TO BRING ABOUT THE ABOVE RESULTS.

WE DEMAND THE ENACTMENT OF SUCH FURTHER LEGISLATION AS MAY BE NECESSARY TO BRING ABOUT THE ABOVE RESULTS.

RECLAMATION OF ARID LANDS AND DOMESTIC DEVELOPMENT.

WE CONGRATULATE OUR WESTERN CITIZENS UPON THE PASSING OF THE LAW KNOWN AS THE NEWLANDS IRRIGATION ACT FOR THE IRRIGATION AND RECLAMATION OF THE ARID LANDS OF THE WEST, A MEASURE FRAMED BY DEMOCRATS, PASSED IN THE SENATE BY A NON-PARTISAN VOTE AND PASSED IN THE HOUSE AGAINST THE OPPOSITION OF ALMOST ALL THE REPUBLICAN LEADERS. BY THIS VOTE, THE MAJORITY OF WHICH WAS DEMOCRATIC.

WE CALL ATTENTION TO THIS GREAT DEMOCRATIC MEASURE, BROAD AND COMPREHENSIVE AS IT IS, WORKING AUTOMATICALLY THROUGHOUT ALL TIME AND SPACE, AND THE ACTION OF CONGRESS, UNTIL THE RECLAMATION OF ALL THE LANDS IN THE ARID WEST CAPABLE OF RECLAMATION IS ACCOMPLISHED, RESERVING THE LANDS RECLAIMED FOR HOMESTEAD PURPOSES, AND THE STATE OF THE UNION GUARDING AGAINST LAND MONOPOLY, AS AN EVIDENCE OF THE POLICY OF DOMESTIC DEVELOPMENT CONTEMPLATED BY THE DEMOCRATIC PARTY, SHOULD IT BE PLACED IN POWER.

ISTHMIAN CANAL.
The Democracy when entrusted with power, will construct the Panama canal speedily, honestly and economically, thereby giving to our people what Democrats have always contended for—a great inter-oceanic canal, furnishing shorter and cheaper lines of transportation and broader and less trammelled trade relations with the other peoples of the world.

WE PLEDGE OURSELVES TO INSIST UPON THE JUST AND LAWFUL PROTECTION OF OUR CITIZENS AT HOME AND ABROAD, AND TO USE ALL PROPER MEASURES TO SECURE FOR THEM, WHETHER NATIVE BORN OR NATURALIZED, AND WITHOUT DISTINCTION OF RACE OR CREED, THE EQUAL PROTECTION OF LAWS AND THE ENJOYMENT OF ALL RIGHTS AND PRIVILEGES OF CITIZENSHIP, AND TO ENFORCE THE ENACTMENT OF OUR TREATIES OF FRIENDSHIP AND COMMERCE; AND, IF UNDER EXISTING TREATIES THE RIGHT OF TRAVEL AND SOJOURN IS DENIED TO AMERICAN CITIZENS OR RECOGNITION IS WITHHELD FROM AMERICAN PASSPORTS BY ANY COUNTRY ON THE GROUND OF RACE OR CREED, WE FAVOR THE BEGINNING OF NEGOTIATIONS WITH THE GOVERNMENTS OF SUCH COUNTRIES TO SECURE BY TREATIES THE REMOVAL OF THESE UNJUST DISCRIMINATIONS.

WE DEMAND THAT ALL OVER THE WORLD A DULY AUTHENTICATED PASSPORT ISSUED BY THE GOVERNMENT OF THE UNITED STATES TO AN AMERICAN CITIZEN SHALL BE PROOF OF THE FACT THAT HE IS AN AMERICAN CITIZEN AND SHALL ENTITLE HIM TO THE TREATMENT DUE HIM AS SUCH.

ELECTION OF SENATORS BY THE PEOPLE.
We favor the election of United States senators by the direct vote of the people.

STATEHOOD FOR TERRITORIES.
We favor the admission of the territories of Oklahoma and Indian Territory. We also favor the immediate admission of Arizona and New Mexico as separate states and a territorial government for Alaska and Porto Rico.

WE HOLD THAT THE OFFICIALS APPOINTED TO ADMINISTER THE GOVERNMENT OF ANY TERRITORY, AS WELL AS WITH THE DISTRICT OF ALASKA, SHOULD BE BONA FIDE RESIDENTS AT THE TIME OF THEIR APPOINTMENT, AND THAT THE TRIET IN WHICH THEIR DUTIES ARE TO BE PERFORMED.

CONDEMNATION OF POLYGAMY.
We demand the extermination of polygamy within the jurisdiction of the United States, and the complete separation of church and state in political affairs.

MERCHANT MARINE.
We denounce the ship subsidy bill recently passed by the United States senate as an iniquitous appropriation of public funds for private purposes and a wasteful, illogical and useless attempt to overcome by subsidy the obstructions raised by Republican legislation to the growth and development of American commerce on the sea.

WE FAVOR THE UPBUILDING OF A MERCHANT MARINE WITHOUT NEW OR ADDITIONAL BURDENS UPON THE PEOPLE AND WITHOUT BOUNTIES FROM THE PUBLIC TREASURY.

WE FAVOR LIBERAL TRADE ARRANGEMENTS WITH CANADA AND WITH PEOPLES OF OTHER COUNTRIES WHERE THERE CAN BE ENTERED INTO WITH BENEFIT TO AMERICAN AGRICULTURE, MANUFACTURES, MINING OR COMMERCE.

MONROE DOCTRINE.
We favor the maintenance of the Monroe doctrine in its full integrity.

ARMY.
We favor the reduction of the army expenditures to the point historically demonstrated to be safe and sufficient.

PENSIONS.
The Democracy would secure to the surviving soldiers and sailors and their dependants, generous pensions, not by an arbitrary executive order, but by legislation which a grateful people stand ready to enact.

OUR SOLDIERS AND SAILORS WHO DEFEND WITH THEIR LIVES THE CONSTITUTION AND THE LAWS HAVE A RIGHT TO THE INTEREST IN THE JUST ADMINISTRATION. THEY MUST THEREFORE SHARE WITH US THE HONOR AND THE GLORY OF THE VICTORIES WON WITHOUT DISTINGUISHED SERVICE, OVER THE ARMY OF MEXICO IN THE BATTLE OF AGUASCALIENTES, OR AGGRAVATED BY EXECUTIVE APPROPRIATIONS OUT OF THE TREASURES OF A PROSTRATE PEOPLE IN VIOLATION OF THE ACT OF CONGRESS WHICH FIXED THE LIMITS OF ALLOWANCES OF THE MILITARY OFFICERS.

CIVIL SERVICE.
The Democratic party stands committed to the principle of civil service reform, and we demand their honest, just and impartial enforcement.

WE DENOUNCE THE REPUBLICAN PARTY FOR ITS CONTINUOUS AND SINISTER ENCROACHMENTS UPON THE SPIRIT AND OPERATION OF A CIVIL SERVICE REFORM WHICH HAS A RIGHT TO BE DISPOSED OF WITH EXAMINATIONS FOR OFFICE IN THE INTEREST OF FAVORITES AND EMPLOYED ALL MANNER OF DEVICES TO OVERREACH AND SET ASIDE THE PRINCIPLES UPON WHICH THE CIVIL SERVICE WAS ESTABLISHED.

INTEREST CENTERS IN CROPS.
New York, July 9.—Bradstreet's weekly review of trade today says: Trade and industry have been at a low ebb this week, reflecting vacation influences, summer shut-downs and generally quiet distributive demand. Chief interest of course centers in the crop situation and the irregular movements of securities and of prices of staples are traceable to uncertainty generated by reports of excessive moisture in the winter wheat belt and too cool weather for corn. Reports from cotton and oats, however, are favorable.

SEVEN MEN KILLED.
Sudbury, Ont., July 9.—Seven men killed and two injured are the result of a premature dynamite explosion on the new Canadian Pacific Sudbury-Toronto line near Remford.

Moderates in Control.
Havana, July 9.—The moderates, with nearly a two-thirds majority, elected Senor Malberry speaker of the house of representatives and otherwise organized the house.

TERSE TELEGRAMS.
In a railroad wreck at Thebes, Ill., four persons were killed and a number injured. Brigadier General Thomas B. Howard, of the Confederate army, is dead at Washington. Business failures for the week number 173 against 204 last week and 154 in the like week in 1903.

It is said that 30,000 soldiers and 10,000 marines compose the garrison of the Russian stronghold at Port Arthur.

A German boat with Norge survivors, eleven passengers, eight sailors and one child, has reached the Shetland islands.

Germany has been unsuccessful in attempting to negotiate a trade treaty with the Haitian government similar to that concluded between France and Haiti.

Injunction proceedings begun in Texas to prohibit experiments with Guatemala's boll weevil-eating ants have been dissolved and a colony of the ants will be installed at Victoria.

BURIED TREASURE

Chicago Bandits Say Their Booty Is Hidden in Indiana.

Chicago, July 9.—Three men whose crimes are said to rival those of the carban bandits, Vandine, Neidermeyer and Marx, are being held by the police here while an investigation is being made of assaults, hold-ups and train robberies the prisoners are accused of.

The existence of the band, whose members say are the "Original Automatic Trio," became known through the confession of one of them, Truman H. Wilkinson, who lies at the point of death from a bullet wound received after he and his companions had held up and shot J. C. Meiler, secretary of a labor union. Suffering from the mortal wound, Wilkinson made a confession implicating his two companions Charles Phelerin and William Erwing, who were surprised and captured in a room. Later the two men also confessed. The prisoners admitted committing the robbery of a Northern Pacific train at Bear Mouth, Mont., recently, but said nothing of a shooting which took place in connection. In his confession Phelerin spoke of having committed numerous robberies, one of which was in a jewelry store at Waukegan, Ill., \$3,000 worth of jewelry having been secured. Phelerin boasts of having lived in style at Chicago hotels. All three prisoners told of an alleged fortune of \$26,000 buried by them in Indiana.
